## REVOLT SHOWS UP IN RUSSIA'S ARMY

### TROOPS DISPATCHED TO QUELL REBELLIOUS GARRISON

### MOSCOW DETACHMENT DEFY SIBERIA ORDERS

**Trouble In Evidence Since January; Dissatisfaction Over Lengthened Enlistments.—Workers Resist Government Policy.**

Riga.—A serious revolt has broken out among three detachments of the soviet army stationed near Moscow. Two regiments stationed on the Latvian border have been ordered to Moscow to aid in quelling the rebellions in three important garrisons. The revolt broke out in garrisons at Bogorodsk, Serpuchov and Kaluga. The outbreak is believed to have been caused by orders to the regiments to entrain for the Mongolian border in Siberia. The soldiers refused to obey the orders.

Trouble has been brewing among the Russian troops ever since Leon Trotzsky was ordered from Moscow in January and the soviet government has been anxious to replace the Russian garrisons.

The red army is also declared to be dissatisfied over recent orders of the revolutionary soviet, lengthening the enlistments of soldiers from eighteen months to four years. The soldiers were mobilized last fall.

Reports of trouble at Petrograd among workers' organizations who are declared to be rising against the imperialistic policy of the government and demanding two months' back wages was denied by soviet officials in Moscow.

### INCREASED PLAGUE GUARD SOUGHT IN SOUTHERN END

Los Angeles.—With no new cases of the foot and mouth disease reported, authorities are preparing to recruit sixty additional guards to aid in the campaign to prevent spread of the scourge in Los Angeles county. Under Sheriff Eugene Biscailuz, in charge of the guards around Los Angeles stock yards and patrolling highways, said he would increase his force until every possible chance of spreading the disease has been eliminated.

It is estimated that more than 1,000 cattle have been slain in Los Angeles county since the discovery of the disease here.

### Avalanche Kills Many

Rome.—A thousand refugees have been removed from the flooded and avalanche-devastated villages about Analfi, south of Naples. Swollen torrents and landslides have cut land communications to the coastal zone, and the only way to food and medicine to the suffering populace is by sea. Eighty-nine persons have been killed. King Victor Emmanuel will visit the devastated area, and Pope Pius has donated 25,000 lire for relief. Latest messages show that the disaster is greater than was at first indicated.

### Briton Jailed in Mexico

Mexico City.—Charged with being implicated in a plot to get munitions of war to the De la Huerta revolutionists, Eugene T. Bailey, prominent Englishmen here, has been arrested and placed in a military prison. Bailey has lived here for thirty-one years. He will be tried by a civilian court, and may be expelled from the country if found guilty.

### Cyclone Kills Eight

Oklahoma City.—Eight persons were killed and more than 150 injured, a schoolhouse was demolished and 200 homes wrecked by a cyclone which swept through Shawnee, thirty miles southwest of this city. The cyclone cut a path four blocks wide through the residence district. A heavy rain followed the storm, hampering relief work.

### Find Gold in Mongolia

London.—Enormously rich gold deposits have been discovered in Mongolia by an unnamed Russian prospecter, working under protection of red army troops. The suggestion is that this alleged discovery accounts for the desire of Karakhan, Russia's envoy, who is negotiating for recognition by China, to prolong the Chino-Russian impasse.

### Red Cross to Aid

Washington.—Plans to relieve the sufferers from flood and tornado have been completed by the American Red Cross. Mobile units of 100 experienced men and women are standing ready throughout the country to relieve those stricken. These new relief units will be directed from the national headquarters here.

## TORNADOES SWEEP OVER MIDDLEWEST

### SCORES PERISH AS WINDS AND FLOOD WORK HAVOC

### GALES RAGE THROUGH EIGHT CENTRAL STATES

**Floods Threaten as Swollen Streams Leave Their Banks in Stricken Area.—Crops Laid Low as Twister Sweeps North.**

San Francisco.—In the dozen states of the middle west that were lashed by the storms of the first of the week thirty lives were lost and great property damage resulted. Railroads and wire communications were demoralized and floods followed in the wake of the storms.

Eight persons, mostly children, were reported drowned in Pennsylvania, the heaviest loss of life reported from any one state.

The storm, climaxing a month of jumbled weather over the central states, blew out of the southwest. It struck hardest in Missouri, Kentucky, Wisconsin, and then passed over to the east. Parts of Illinois, Iowa, Indiana and the Dakotas were sideswiped by the gale.

Heaviest damage was reported from southeast Missouri where four persons were killed in their homes as a tornado lashed the cotton lowlands.

In the northern states, sleet and cold blasts added to the fury of the elements. Sleet and snow covered houses and trees in Madison and Milwaukee, Wis., and St. Paul reported deep drifts of snow, with many trains running behind schedule.

Five persons have been drowned in the turbulent waters of swollen creeks and rivers in western Pennsylvania.

Kansas City.—Falling temperature added to the suffering of the southwest, which for twenty-four hours rocked under a destructive tornado. State militiamen were clearing away wreckage at Shawnee, Okla., where widespread damage occurred.

Kansas and Texas fought to maintain wire communication. Arkansas, temporarily isolated, had reestablished service.

No crop and property damage estimates have been made. Grave fears for crops were held as temperatures fell to the freezing point. Snow and windstorms were reported sweeping down from the Rocky mountain regions.

Clarksburg, W. Va.—Many towns and villages in Harrison, Tyler and Wetzel counties were partly under water.

Part of the Western Maryland railroad bridge near Wyatt and a mile of track was washed away. Industrial plants in the flooded section were forced to suspend.

### OUSTING OF DAUGHERTY MAY BRING END OF INQUIRY

Washington.—The Brookhard committee, investigating the department of justice, is considering the question of terminating the investigation because its primary object, that of forcing the resignation of Harry M. Daugherty as attorney general, has been accomplished. It is understood that a majority of committee members are in favor of cutting short the investigation, since it has gone far enough to show the conditions that existed in the department of justice, and then turn what evidence that has been secured over to the new attorney general for action.

Opposed to this idea is Senator Wheeler, "prosecutor" of the committee and author of the resolution the senate adopted authorizing the probe of the department.

### One Killed; Twelve Hurt

San Francisco.—One killed, twelve injured, four arrested and more than a half-dozen automobiles wrecked, is a summary of the traffic mishaps Sunday in San Francisco. The fatality reported is that of Private Charles E. Hanretty, killed when his four companions, all privates from the Letterman General Hospital detachment, were hurt in the automobile in which they were riding when it overturned on the Skyline boulevard. The machine skidded and the driver lost control.

### Mining Gold With Chisels

Stockton.—Chisels are being used to cut virgin gold from a six-inch vein uncovered in the old Fox mine at Raid mountain, near Sonora. The prospectors in a few days took out more than forty pounds of pure metal from a pocket uncovered within a few inches of the old tunnel. The vein continues rich in values and none will predict when the rich deposit of yellow metal will be finally worked out.

## Golden State
*News of Interest to All*

Burlingame Methodists will build a $75,000 church.

The upper Stockton road has been closed for reconstruction work.

The Sutter county farm bureau will hold its annual picnic in May.

The proposed annexation of Oro Vista to Oroville lost by 21 to 128.

The new $350,000 power substation at Las Plumas will soon be in operation.

Fresno is assured the 1925 district convention of the International Rotary.

Plans are complete for a new Methodist church at Woodland to cost $50,000.

The Colusa County Bank may soon purchase the interests of the Bank of Princeton.

Stockton Veterans of Foreign Wars will celebrate Buddy Poppy Week, May 16 to 29.

The annual track meet of the state junior colleges will be held in Sacramento April 19.

A skyscraper hotel with 1,000 rooms is under consideration for San Francisco's civic center.

Charles Johnson, Fairbanks ranchman, was fatally burned in the fire which destroyed his cabin.

Penngrove, Sonoma county, will vote on a $33,000 bond issue to provide a new school building.

The Sutter county farm bureau has abandoned the annual peach contests inaugurated four years ago.

Mrs. Augusta Walker, descendant of one of California's oldest Spanish families, died at her Santa Barbara home.

J. Wellington Boyle, 74, past imperial potentate of the Order of Mystic Shrine, died at San Diego of heart trouble.

The Rev. Father John Coma of Calexico, died at San Diego after an illness of several weeks. He was 48 years old.

Long Beach has called a special election to authorize a $5,000,000 bond issue for the development of the harbor there.

Sciots and Master Masons of northern California attending the get-together meeting at Stockton numbered more than 1,000.

The initial roads to make Lassen park accessible to automobile travel have been located and the work will soon be under way.

The national conference on city planning will meet at Los Angeles April 7 for four days, and is expected to bring 450 delegates to the state.

The Visalia high school officials suspended ten boy students for alleged membership in fraternities, while an investigation was being made.

Harry S. Mason, president of the Los Angeles club, was elected governor of the second district of International Rotary at the San Jose conference.

San Quentin prison's population of more than 2,600 was reduced by twenty-five on paroles granted by the board of prison directors at their last meeting.

The skull of another "first man" has been dug up near Los Angeles, substantiating the growing belief that that region was the site of the Garden of Eden.

Henry Caisson, waiter of Sonoma, left an estate of $3,280 bank account and $12,000 in industrial and loan stock certificates. He had no resident relatives.

The State Bank of Pomona has been sold to the Bank of Italy, forming a branch in that organization's chain of banking houses. The transfer effective April 1.

Luther Burbank's offer of his twenty acre "Creations Garden" at Sebastopol to the University of California will be presented to the university regents in the near future.

Albert Meyer, traveling salesman, pleaded guilty to assault on John McCaughern of San Francisco when caught at the latter's home at Redwood with Mrs. Caughern.

Mrs. Elizabeth Eshleman, widow of John Eshleman, will retire from the position of agent in charge of the state bureau of children's aid to engage in the insurance business.

Mrs. Hugh Orr, wife of an Oakland attorney, was attacked by six men in the early hours of Sunday morning on the Mountain boulevard after her escort, W. J. Jackson, had been beaten into insensibility.

Mrs. Lung Gee, Chinese woman of Stockton who conducted her own trial for violation of the narcotic act, was sentenced to five years imprisonment and will serve her time in the Oregon state penitentiary.

Resolutions urging a state research station of child welfare and a conference of international organizations for the furtherance of world peace were adopted at the Rotary conference at San Jose.

## HI TEAMS GET FLYING START

On Friday afternoon, March 28, the Campbell nine defeated the Mountain View team. This was the first league game for Campbell, so they have started the league off with a grand coup, the score being 12 to 0. The game was played on the Campbell diamond.

Campbell started the first inning off with three runs, and in the third inning the score leaped to nine. In the seventh, and last inning, Campbell had a grand tally of 12 to Mountain View's 0.

E. Clark held down the mound with his old skill, he certainly has done his stuff for Campbell in the last two games.

The line-up for Campbell was: B. Reed, c; E. Clark, p; H. Shelley, 1b; A. Bonacorso, 2b; J. Nishida, 3b: R. Steindorf, ss; G. Eddlemon, lf; S. Reed, cf; W. Murphy, rf.

On Wednesday, April 2, the Campbell 130 pound team met and defeated the 130 pound team from Palo Alto. It was a very close game the score being 2 to 1. The game was played on the Campbell diamond. This was the first league game for Campbell's 130 pound team so they have started off on the way toward the championship of the league.

In the second inning, H. Perrazo smashed the pill for a home run. He brought in E. Angelo who was on second, making the two runs for Campbell. Palo Alto also socked the apple for a homer but the runner failed to touch third base and so didn't score.

Hup Perrazo heaved the pill with his usual twirl making eleven strikeouts. E. Hjelm did his stuff behind the bat. If Campbell keeps this form up they are sure going to give the other teams in the league a run for their money.

The line-up for Campbell was, E. Hjelm, c; H. Rerrazo, p; C. Covy, 1b; P. Heinzen, 2b; S. Merrill, 3b; A. Kalas, ss; M. Gardner, lf; E. Angelo, rf; G. Reed, rf.

RICHARD SHELLEY.
Reporter for the Boys' Athletic Club of the Campbell Union High School.

## JOIN BOOK DRIVE

Campbell has been asked to participate in the collection of books for the men of the navy, this drive to be carried on next week.

This movement began two years ago when Chaplain Frederick Howard of the Seamen's Church institute, San Francisco, asked for books for the men of the merchant marine. Last year a private solicitation was made, but the demand has grown to such an extent that now a public campaign is being made.

Miss Beth Kennedy, the librarian, will receive any contributions made here, which will be sent to Miss Stella Huntington, of the County Library, who is a member of the state committee working for the drive.

Live, interesting stories, full of action and "pep" are especially in demand—Zane Grey's—the Norrises, Curwood's, Bindloss', Peter B. Kyne's and such writers are popular.

The slogan for the campaign is "Give a Book that you have Read and Liked."

This evening is the Birthday Party of the High School P. T. A. celebrating its fourth anniversary. Supper will be served in the gymnasium, cafeteria style. Twelve tables, one for each month, decorated in keping with the season, will be presided over by a hostess and assistants, and be heaped with good eats from which to choose. A very liberal menu is being provided and every one can find something to his liking.

The proceeds from the party will be used in furnishing the girls' rest room, which is very much needed.

## CAMPBELL SCHOOL ELECTIONS BRING OUT HEAVIER VOTE THAN USUAL

No little excitement was manifest in the local school election held Friday afternoon because of the contests. In the grammar school election four candidates were out for the two vacancies as given in the Press last week.

The result of the vote for these Board members is given below by districts:

| | Campbell | Hamilton | San Tomas | Meridian | Total |
|---|---|---|---|---|---|
| DeSelle | 41 | 8 | 6 | 5 | 60 |
| Robson | 111 | 8 | 6 | 3 | 128 |
| Merrill | 125 | 48 | 30 | 11 | 214 |
| Schuyler | 165 | 48 | 35 | 17 | 265 |

In the contest for high school trustees. The unofficial returns from the seven divisions. The unofficial returns from the seven divisions are given thus:

| | Archibald | Ross | Howes |
|---|---|---|---|
| Campbell | 211 | 172 | 59 |
| Cambrian | 16 | 9 | 14 |
| Hamilton | 31 | 38 | 4 |
| Meridian | 16 | 8 | 12 |
| Moreland | 10 | 9 | 8 |
| San Tomas | 39 | 39 | |
| Union | 3 | 1 | 67 |
| Total | 326 | 276 | 164 |

## INTERESTING PROGRAM HEARD MONDAY

The Country Woman's Club has been favored with a series of delightfully interesting and instructive programs this year, and the one on Monday on "Modern Literature and the Zeitgeist" added another gem to the chain.

Mrs. R. G. Archibald was chairman and acted as hostess. She announced as the entertainment number, songs by Mrs. W. S. Shelly, who sany Rudyard Kipling's "The Gypsy Trail" and "Thou Art Like Unto a Flower."

Mrs. W. H.Crothers read a paper on the topic for the day, which was a masterly exposition of the subject showing a most intensive research and comprehensive study of the subject.

Starting with the era of Voltaire, she showed how the writers have been influenced by and have reflected the conditions and spirit of the times and how, they in turn, have in a minor degree, somewhat influenced the trend of their day.

Mrs Mendel read selections from Stewart P. Sherman's "On Contemporary Literature." Mr. Sherman is a profound literary critic and is rather severe on the realistic school.

During the business hour, committees for the Rose Festival were announced. It will be the earnest effort of the members to make this a big success, so that the necessary funds to carry on the library through the summer and keep up the expenses of grounds, taxes and interest, may be on hand.

The president also presented the request for books for the navy as will be found elsewhere in this issue.

## DOUBLE BENEFIT

The Country Woman's Club, Mrs. W. T. Morton, chairman, has for sale coupon books good for admissions at either Beatty's American, the Liberty or Jose Theatres. These books sell for $2.24, good until used in exchange for $2.64 in admissions and war tax. In other words, the book gives you the value of one forty cent admission free. The books are in coupon form so that whether for afternoon or evening, children or adults, the correct amount in coupons may be detached by the ticket cashier in exchange for tickets at the box office.

Almost every one goes to the movies in San Jose occasionally and as these books are good until used they are a good investment, and for every book purchased of a club member, $1.00 or half the purchase price, except the 24 cents war tax, goes to the club for the benefit of the library.

This is a fine opportunity to help your home institution, and get a bargain for yourself without any actual giving..

This sale is not designed to in any way injure the business of the Campbell Theatre, as Mr. Noftz very generously aided the library, but will keep part of the money in Campbell which otherwise would all go to San Jose

The Pundita met at the home of Mrs. Hanger, March 26, to study birds. Mrs. Pardee gave an interesting talk on land birds and their habits, interspersed by readings from well known authorities on the subject and Mrs. Mumma gave an interesting talk an aquatic birds.

The music of the day was in keeping with the subject. Miss Margaret Pardee, a pupil of Miss Nellie Rogers, of the College of the Pacific, sang "Spring Is a Lady" and "Sunny Boy" and Miss Olive Hanger played "The Rustle of Spring' and "Woodland Echoes."

Delicious and unique refreshments followed the program.

## ENJOYABLE PARTY

Adah Rebekah Lodge gave another in its series of socnal events Tuesday evening, this one being a costume dance. The party was held in the dining room of the hall which was taxed to capacity. Several prizes were given for the best representations of different kinds.

Wm. Mason won first prize as the most original; Lester Brackett, as the funniest make up; E. E. Lanphear, the most typical.

Of the ladies Mrs. E. W. Ohlen was first as the most attractively dressed; Miss Jenkins, the most typical and a lady from Los Gatos the most original.

The door prize fell to Mrs. R. L. Duncan.

Youngren's orchestra furnished very good music and the evening proved a very pleasant one.

At the last regular meeting of the Odd Fellows, the Rebekahs presented the lodge with dainty new curtains for the dining room, and served refreshments. Mrs. E. W. Ohlen, N. G., made the presentation and Ernest Snow, on behalf of the lodge, accepted the gift.

### HAVE YOU SEEN "THE MINISTER'S WIFE'S NEW BONNET?"

Perhaps there is nothing that apepals to the people more deeply than the affairs of every day life—in the home, in the school, in the church.

When we attend a minstrel show, we expect the funny endmen in jokes—they are always so—but acting out every day life gives us the unexpected, and something that appeals to everybody.

The every day life of the Women's Guild of the Congregational church is happily portrayed in the above named play which will be given in the church parlors, May 23. Watch for particulars later.

The Cherokee Camp Fire group held a cake sale at Gilson's Market last Saturday. It was a great success and they appreciate the patronage given them very much. The group was organized six weeks ago with Elizabeth Turner as Guardian, Elsie Merrill, president; Ruth Newton, vice-president; Phyllis Kitching, secretary; Annette Merrill, treasurer; and Helen Alison, scribe. The other members are Mary Maxon, Helen Strav Alice Jacquot, Virginia Lenox and Lois and Clara Rice.

### Still One Field Open to Women Where They Have Outrageous Advantages

By LAURA BRECKENRIDGE McCLINTOCK, in Motor.

Thank heaven, there is still one field left open to women where they have some outrageous advantages over mere man—and that field is motoring.

Why take the men along? Why, even if their resistance can be overcome, and a lukewarm enthusiasm results? There are few difficulties to be met with in touring that cannot be just as well, if not more easily, dealt with by women traveling alone than if in company with a man.

And, oh, the advantages! And the larks that result from such experiences! For there are advantages from the time the car is left to be overhauled at the corner garage in preparation for the trip until the last spare tire is cut into ribbons on the homeward flight. I know. I have had experience with and without the dear things along.

The police with one accord are more lenient with women making mistakes than they are with men—no matter if the latter are strangers also. Inn-keepers, fellow-travelers, proprietors of roadside filling-stations, strangers in stranger towns, etc.; while mechanics seem to blossom forth into fits of unheard-of speed under a fire of ignorant questions and feminine flattery. Likewise, the fewer the questions and the greater the flattery, the gentler mechanics are with women when the time comes for terms. There are advantages, yea, even unto the police courts!

### THE COST OF IRREGULAR SCHOOL ATTENDANCE

Irregular school attendance caused the waste of $250,000,000 one-quarter of the money spent for public education in the United States in 1923, according to statisticians of the United States Bureau of Education. The people who paid the taxes robbed themselves of this amount and at the same time deprived their own children of an average of two-months schooling.

More than 22,000,000 were enrolled in the public schools of the country and the schools were open an average of about eight months. Nearly 700,000 teachers were employed and that number was sufficient to instruct every child enrolled every school day of the eight months the schools were in session, say the Bureau of Education officials. The total cost in all the States combined was about one billion dollars. By allowing their children to miss school one-quarter of the time parents caused the waste of one-quarter of the money paid to run the schools.

### A DO NOTHING SESSION

Congress seems to be very busy, yet all it is doing amounts to very little as far as its real work goes.

True, it is busy investigating and probing and inquiring but the actual problems of the country are getting very little attention.

There are two chief reasons for this situation. One is that the personnel of the Congress is so evenly divided politically that no one party has a clear working majority so that it can accomplish what it wishes regardless of the opposition. A second one is that this is campaign year and there is a disposition to make as much political capital as possible out of the proceedings. The majority party would like to direct the issues of the session while the minority is doing its best to turn things to its advantage. Meanwhile the so-called progressive group which holds the balance of power is alert and sparring for position.

The result is that the Congress is in an uproar, in confusion, out of which little definite or constructive can be expected at this session.

### WE WANT ONLY THE BEST

America welcomes all desirable aliens who intend to become citizens, but has little use for those who come solely to take advantage of the unparalleled opportunities offered for making money, accumulating a competency and returning to the native countries.

The eyes seldom see tempation when the nose is pressed firmly against the grindstone.

The maximum of service which you can get from your town council equals the maximum of interest you take in its selection.

Bank here on or before April fifth

Columbia, Mo.—Three University of Missouri students are under $300 bonds for hurling an egg from the gallery during the performance of "Just Married" at a local playhouse.

### *One of World's Most Famous Mountain Roads*

Overlooking Los Angeles, Cal., is one of the world's most remarkable mountain roads, extending from Laurel canyon to the summit of Lookout mountain. While just wide enough for one vehicle, the road is perfectly safe for automobiles, as it is built to ascend by one route and descend by another. The curves, hairpin turns, switchbacks, etc., are numerous, but all built so scientifically that there is no danger. The road is carved from the side of a hill which is so precipitous that in one place there are six levels rising one above the other, all visible from the same point; in fact, the hill appears to be terraced with the zig-zag of highway. The surface is of decomposed granite and the outside edge has been fenced with stout timbers.

From the summit—occupied by a summer hotel—one has a view that is without a rival on the Pacific coast. The ocean is but a few miles distant, with the Santa Catalina and San Clemente islands on the horizon, while along the shore are the score of towns and resorts built upon the sands. About thirty cities and towns are visible from the summit, with Los Angeles almost directly below.

### *Immense Freak Boulder in the Berkshire Hills*

Among the Berkshire hills of Massachusetts, near Pittsfield, is to be seen a tremendous boulder, weighing some 170 tons, perched upon a flat rock, apparently so nicely balanced that a glance at it almost convinces a person that but little force is needed to throw it over.

It is called the "Balance rock," but, despite its name and appearance, it is firmly fixed and makes no movement whatever. Another strange feature of this freak is that the boulder is of an entirely different formation from that of the Berkshire limestone upon which it rests, and it is supposed that in some prehistoric age it was torn from some mountain height by a glacier and at last delicately placed on the limestone bed.

At Cheyteyo, in Burma, British India, nature has superimposed an immense boulder upon a rocky elevation, and the natives have seized upon it as a fit place for a temple of worship. Here they have erected a small pagoda. So evenly balanced is this great stone that it sways, temple and all, back and forth when a strong wind is blowing.—Detroit News.

# Town Tales Tersely Told

Mr. and Mrs. J. W. Lancaster enjoyed an over Sunday visit with their son Leland and family of Turlock.

Cecil Keesling, son of Mr. and Mrs. Archie Keesling, is suffering from a rather severe attack of rheumatism.

Mrs. Cora Marshall joined her brother and wife in Los Angeles last week where she is enjoying a very delightful vacation.

Mrs. H. Heathfield, mother of H. B. Whitehouse, returned Tuesday to Los Angeles after an extended visit here with her son and family.

Miss Josephine Moulton of the Long Beach faculty, spent her vacation with her mother, Mrs. Lydia Moulton, of Johnson Ave.

Mrs. Fred Newton was operated upon last week at the San Jose Hospital for goitre, and at last report was recovering very satisfactorily.

Mr. and Mrs. Frank Hart, who have been guests at the M. E. Purmort home have gone to Los Angeles for a month, before returning to their home in Minnesota.

Mrs. Huldah Parker, who had made an extended visit at Crockett with Mr. and Mrs. Edwin Parker, returned last week. Mrs. Parker visited her parents here over Sunday.

Registration of voters closes tomorrow, April 5. Every right minded patriotic citizen should register so that he or she can register a choice for candidates or measures at the election.

Mrs. Willis E. Johnson, who has been visiting Mrs. Christine and Miss Kittie Johnson, left Tuesday for San Diego where her husband is now an instructor in the State Teachers' College.

Mr. and Mrs. M. G. Greenley drove up from Hillmar Saturday for a short visit with her sister, Mrs. P. B. Payne and family. They were accompanied on their return by E. W. B. Hoag, who will remain for two weeks.

The store building between the telephone station and the Orchard City Bakery, belonging to Mrs. W. C. Grizzle, is being remodelled and will be occupied in the near future by the Orie Grizzle barber shop.

The management of the Grammar School Cafeteria has requested that parents of High School students be informed that those students are now welcome to eat at the cafeteria. Excellent food is served at very reasonable prices. The public is also invited.

Mrs. John Youngren met with a very painful accident several days ago. An automobile was accidentally backed and cramped so that it ran over her right heel badly crushing the bones. They were set and later the foot put into a plaster cast, which she is still wearing.

"Our Wives" the benefit play staged by the B. Y. P. U. of Sunnyvale last Friday evening for Orchard City Grange, was well attended and the play very satisfactorily presented. The seat sale and sale of home made candy netted a nice little sum for the reserve fund.

Mrs. Frank Bethel, who had spent several months here with her mother, Mrs. C. E. Case, has returned to her home in Washington, D. C., where her husband is employed in the census bureau. When Mrs. Bethel came to Campbell she was obliged to use a wheel chair, but is now quite restored to health.

A large group of Odd Fellows and Rebekahs went t oGilroy, Sunday, where the Orphans Home was the Mecca of those organizations in this district. Money for tennis courts had been contributed by the lodges and the men did the necessary work getting them in shape. The ladies provided a basket lunch and a very pleasant day was enjoyed, while accomplishing this good work.

# EDUCATIONAL SHOW

On the evening of April 10, at the C. U. G. S. auditorium there will be a free entertainment furnished jointly by the Gas Appliance Society of California, of which C. H. Whitman, local gas appliance dealer is a member, and the school.

There will be an educational film, an entertainment film, speakers who will talk better homes and other features.

The children will have cookies and candy for sale, the proceeds from which will be used toward the purchase of a new moving picture machine—the one used that evening if its proves satisfactory.

The program will begin at 8 o'clock and the public is cordially invited to be present.

# AT PRESIDENT'S HOME

Congressman and Mrs. Free, of this district, were among the guests at the White House on March 17th when Mrs. Coolidge entertained at a musical. The artists of the occasion were Madame Gret Torpadie, soprano, and Mr. Carlos Salzedo, Harpist. After the musical the guests repaired to the spacious dining room of the White House where refreshments were served.

Mrs. Coolidge is proving to be a very delightful hostess, and is loved by all who come in contact with her.

## SCHOOL NOTES

The girls' baseball team won the game played with Willow Glen, Friday, March 28. The score was 13 to 10.

A moving picture machine is to be had on trial and if it proves satisfactory it will be purchased for the school.

Miss Cameron's and Miss Thorne's rooms are preparing a program to be given this afternoon, April 4.

A music contest was given Thursday, April 3. A number of compositions were played and the pupils of the 5th, 6th, 7th, and 8th grades were asked to give the composers name, nationality and whether he was living or dead.

The Home and School Club held their meeting Tuesday, April 1. T. M. Wright spoke on educational matters.

R. Engel writes that he is now located in Los Angeles where he has purchased an apartment house.

This is Gas Appliance Week, conducted for the benefit of all who use gas for cooking or heating. See H. Whitman's ad.

Stanford students who were at home for the vacation between quarters returned Monday to register for the spring semester.

The Woman's Guild of the Congregational church will hold its regular monthly meeting, Thursday, April 10, at two o'clock P. M.

The Congregational church will hold a fellowship supper Friday evening, April 11, in the church parlors. The committee is desirous that this be a real family affair, with all members of the family old and young present.

### *Metals Are Transparent When Subjected to Heat*

Very thin films of certain metals become transparent at heats not nearly sufficient to melt them. For instance, if we take a sheet of gold leaf somewhat thinner than the paper on which this is printed and heat it by an electrical current to temperature of about 2,400 degrees Fahrenheit, it will become as transparent as a pane of green-colored glass. If carefully kept from drafts very much finer sheets of gold leaf can thus be heated by clamping them on frames of marble or slate and applying the current through the metal strips which clamp each end of the sheet.

When this is done with gold leaf of about one-hundredth the thickness of ordinary paper and the current is gradually increased until the temperature reaches 3,000 degrees Fahrenheit, the leaf becomes not only translucent, but transparent, so that it is actually possible to see through it. For apparently the same reason silver foil, which requires only 2,250 degrees to make it clearly transparent, shows a bluish-violet tint. Copper foil has also been made transparent in this way, but remains so only for a short time, as it combines with the oxygen of air when thus heated, and the resulting compound is not transparent.

## Open Season for Automobiles

Lots more traffic during Spring and Summer—many more opportunities for accidents. Every time you pick up the paper you read of a number of accidents. Suppose you ran into someone. Suppose you badly damaged someone's property. Suppose you "busted up" your car. Would YOU have to stand the expense? Or have you been far-sighted enough to secure protection?

Don't delay. Insure that automobile NOW.

# "Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.

**THE SHERWIN-WILLIAMS PAINTS**

out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—*The Sherwin-Williams Paints.*

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

"Newspaper advertising is, I believe, the most profitable for the average retail furniture dealer. Other mediums are good, but the newspaper is the most dependable, the most easily employed and reaches the greatest number of possible patrons at probably the least cost. It will certainly repay consistent use," declared A. D. Smith of Barker Bros., Los Angeles, one of the largest furniture stores in the world, at the luncheon of the Furniture Dealers' convention and market week, at the Palace Hotel, San Francisco. "The average merchant today has not a full realization of what advertising can do for him. He should not be afraid of overdoing the advertising appeal. When the furniture advertising begins to approach the power of the automobile appeal, for instance, the industry will enjoy the greatest business in its history."

John V. Hendrix, convicted murderer, awaiting execution at San Quentin, told the authorities at San Diego a story of a sensational confession which he says Everett Drew Clark made to him in a cell of the county jail, January 22, in which he says Clark told him of killing George E. Schick and of the efforts made to dispose of the remains of the wealthy real estate broker, who disappeared from San Diego, February 7 of last year. Hendrix said Clark told him he dismembered the body and attempted to burn it, but did not succeed, after which he put the body in a box, but would not tell what he did with the box.

### Wilson Estate $250,000

Washington.—Woodrow Wilson left an estate valued at approximately $250,000, according to a petition for letters testimentary, filed by his widow, who is admininistratrix of the estate. Wilson owned no real estate, the petition set fourth.

### Father McQuaide Passes

Los Angeles.—Rev. Father Joseph McQuaide of San Francisco died at St. Vincent's hospital. He was the former pastor and chaplain of Sacred Heart church in San Francisco. He was suffering from an attack of appendicitis and attendant complications.

# PATRIOTIC PRECEDENT

A precedent among San Francisco business concerns in co-operating with the War Department in the developing of the Army's Citizens Military Training Camps was established yesterday when The Paraffine Companies, Inc., of San Francisco, delegated two of its employes to attend the Del Monte Camp in June.

The camp opens on June 26 and extends until July 25. Ted Barton, 21 years old, employed in the company's paint department, and one other yet to be selected from the Board and Paper divisions, are to be sent as representatives of The Paraffine Companies, Inc. The concern will pay the salaries of the lads during the training period.

It is believed that Praffine's move will be th signal for other great concerns to follow suit and send employes to the camp. If the student attends these camps three years in succession he is given ranking in the reserve corp of the Army.

Paraffine's move was made at the suggestion of E. F. Seagrave, assistant to the director of sales of the organization, the First Lieutenant Field Artillery, U. S. R. He told R. S. Shainwald, vice-president and general manager of the concern, that The Paraffine Companies, Inc. would be rendering a patriotic service to the Government by sending an employe to the camp. Shainwald replied by authorizing two boys to be sent.

Business men generally, says a recent Army communication, realize that young employes sent to the camps will emerge not only betters soldiers but better citizens and employes.

A raid on a Soviet school at San Pedro by the Los Angeles police netted thirty-nine alleged Communist students and half a ton of literature of the same complexion. Manuel Levin, a Russian bookkeeper, was instructing the "class" in Soviet etiquette.

Alexander Cameron, blind, was granted a divorce in the Los Angeles superior court from Elizabeth M. Cameron, blind musician. Married twenty-five years ago, the Camerons both were sightless from childhood. Thomas Carruthers, also blind, was named as co-respondent.

A meeting for forming a California collegiate baseball association, to replace a temporary organization formed some time ago, will be held at Los Angeles by coaches of university and college nines of California. The purpose will be to aid in keeping college players of the state from playing outside ball during the summer months. California, Stanford, St. Mary's, Santa Clara and all southern California conference institutions will be represented at the meeting.

## Golden State
*News of Interest to All*

Saratoga scored an unprecedented success with the annual blossom festival. A feature of the last day was a sunrise service at the former home of "Sunshine" Williams, who was instrumental in taking the festival there twenty-five years ago.

One thousand names are on the waiting list at the Sonoma home for the feeble minded. It is expected the waiting list will be lowered with the completion of new buildings and the regular number of discharges of inmates.

Three electrical engineers from Japan, accompanied by representatives of American electrical machinery manufacturers, made a lengthy pilgrimage into the Fall River Mills region to view the power projects there.

A bathing girl revue which is intended to be made an annual event, will be held in Santa Cruz the week of June 6. The event will be patterned after the national bathing girl contest held each year in Atlantic City.

The corporation commission has turned to the district attorney's office for help in running down the stock salesman who obtained $1,600 from Mrs. Sarah Seiger of Rio Linda. A John Doe warrant has been issued.

Suit for $50,000 damages has been filed at Los Angeles in behalf of six I. W. W., against the district attorney, the chief of police and others, growing out of the authorities' activities against syndicalism in the south.

Sacramento chamber of commerce officials view the I. W. W.'s latest propaganda as a line of direct advertising for the state when they tell tourists that it is a place of orange groves and of jails for radicals.

A total of 15,963 automobiles exempted by law from payment of license were registered in California in 1923. These, if added to the total number of fees paid would swell the registration for 1923 to 1,130,940.

The internal revenue department has filed suit in the federal court at Sacramento to collect the income and excess profit taxes from the stockholders of the Miller & Gobi company of Healdsburg, now dissolved.

F. W. Atkinson, publisher of the Washington Register, received appointment by Governor Richardson as a member of the California Redwood Park commission. Mayor Atkinson succeeds H. L. Middleton.

James T. Whittlesey, member of the California railroad commission, has been appointed chairman of the public utility committee of the national association of railroad and public utility commissioners.

A law making it a misdemeanor to throw a match, cigarette or cigar out of a moving vehicle probably will be urged at the next session of the legislature says P. G. Redington, United States forester.

The P. G. & E. company has 1,150 men working on its Pitt river project near Redding and the diversion tunnel, which when completed will be four miles long, is one-fourth done.

Charles D. Daggett, 73 and founder of the Valley Hunt club and through it the Tournament of Roses, died suddenly at the family home in Pasadena.

Guy Cooper, well driller, was severely scalded by a sudden rush of steam from a well he was boring in northern Sonoma county for water.

Former Iowans numbering 150 were in attendance at the fourth annual banquet of the Iowa Club of Northern California, held at Stockton.

The Turlock irrigation district has begun delivery of excess power from the Don Pedro project, which is estimated will net the district $500 a day.

Frank Sandberg was arrested in the Golden Gate park at San Francisco after running amuck and terrorizing women and children. He has been identified as the man who attempted attacks on different women at different times within the past few months. Victims of his former assaults are confined in hospitals of the city.

California's large cities are the lowest taxed in their class in the United States for local purposes, including school taxes, according to A. R. Heron, assistant superintendent of public instruction. The study shows that of twelve cities over 500,000 Los Angeles and San Francisco have the lowest actual tax rates.

The railroad commission has granted the highway commission permission to construct a road above the tracks of the Southern Pacific near Polaris, Nevada county, carrying the highway over the tracks and to provide for spanning the Truckee river.

Finding of many bodies in the Sacramento river has led authorities to believe that itinerant laborers have been intercepted at the Yolo county "jungles," across the river from Sacramento, murdered, robbed and their bodies thrown into the stream.
